Visiting Hours

Friends and family are welcome to visit at any time.

If they are visiting after regular business hours, they simply need to ring the doorbell in the breezeway by the main entrance to the building. These times are Monday through Friday after 7 p.m., and Saturday and Sunday after 5 p.m.

Our Daily Schedule

Our professional physical, occupational and speech therapists look forward to serving you.

Monday through Friday, therapy and individual education sessions are held in the morning and afternoon, with rest periods in between. Therapy sessions may be offered on **Saturday and Sunday** based on your progress.

When You Arrive

Our admitting & nursing staff receives prior notice of the date and approximate time of your arrival, so we will be here to greet you and your family. This is a good time to ask questions about your accommodations and insurance coverage.

During this process, you will be provided with information concerning your care and will be asked to sign several consent forms. If you are unable to sign the consent forms, your responsible party must accompany you at the time of admission.

Make Yourself at Home!

Each room has a window overlooking our grounds. Your room will have a television, closet and plenty of drawer space.

This is a smoke- and tobacco-free facility. Smoking, including the use of e-cigarettes, vaping devices and other similar products is prohibited in the Rehab Suites and on the campus grounds.

What to Bring

- Four to six comfortable outfits and shoes for therapy. Please label your clothes with your name for laundry services.
- Soft-soled shoes or athletic shoes with non-skid soles.
- Personal hygiene products such as hairbrush, comb, toothbrush, dentures, adhesive and cleaner
- Hearing aid(s) and/or glasses
- Photo ID and insurance cards
- Any assistive devices you own (cane, walker, wheelchair, etc.)
- Laptop, iPad or cell phone (if desired). Please label these with your name.
- Books, magazines, etc.
- Living will, advance directives and/or power of attorney paperwork (if applicable)

What not to Bring

- Medications
- Valuables
- Large amounts of cash

Participation by Family and Friends

Our interdisciplinary treatment team will encourage your family and friends to participate in your rehab experience, and they may be asked to attend team meetings to discuss your progress.

They can also learn techniques that will help them care for you after you return home.

You should not ask your family or friends to assist you out of bed or a wheelchair, or walk with you until they have been given specific instructions by our staff.

Before you Leave

Discharge planning may include determining whether you will need adaptive equipment, outpatient home care, visiting nurse services and other therapies. As you progress through rehab, we will regularly reevaluate your abilities and functional limitations to identify what services you will need once you are discharged. All decisions regarding discharge planning are reviewed and discussed by the entire care team.

It is our goal to ensure that you are in an appropriate, safe environment once you leave our campus.
